

Point Fixing

## COBOLT - 0.5 kN SIDE MOUNT

- | The adaptor allows a space of 5 mm in all directions adjustable on the wall
- | The incorrect positioning of the anchor can be compensated

- | No punctual stress concentrations on the glass pane
- | 45 - 60 mm adjustable wall clearance
- | 15 - 21.52 mm glass

# COBOLT POINT FIXINGS

0.5 kN Side Mount

## THE GERMAN COBOLT - The natural forces of heavy metal. The first three-dimensional, continuously adjustable glass anchor.

- | The alignment of the already installed glass can be done from the front. That saves so much time!!!
- | Thanks to the unique elliptical rotational fixing, the anchor can be adjusted both vertically and horizontally by up to 5 mm in both directions on the wall.
- | Horizontal adjustment +/-5mm. For a height of 1000 mm, this results in an adjustment option of 50 mm.
- | In addition, the wall clearance is variable. It can be adjusted between 45-60 mm.
- | With a diameter of 60 mm, the bombshell among point fixings is ideally suited for medium-heavy applications.
- | And the best is yet to come. Punctual stress concentrations are avoided thanks to the articulated glass support. That's why you are now able to reduce the glass thickness by up to 25% for the same loads compared to standard products.

## Essential Features

- | Modern design
- | Available with  $\varnothing 60$
- | Available in stainless steel V4A
- | Installation between two glass panes
- | 15 - 21.52 mm glass
- | 14 mm glass distance

The adaptor allows a space of 5 mm in all directions  
Adjustable on the wall

The incorrect positioning of the anchor can be compensated

45 - 60 mm  
adjustable wall clearance

No punctual stress concentrations on the glass pane

# THE GERMAN COBOLT | 0.36 KN SIDE MOUNT

## COBOLT, Point fixing Ø 60 mm, adjustable

| Finish outside: V4A  
| Sales unit: 2 pieces

Model 2660	V4A
Depth	Art. no.
45 - 55 mm	10.2660.500.31

## COBOLT Tool

| Suitable for ONLEVEL COBOLT  
| Pin distance: 50 mm  
| Pin diameter: 4 mm  
| Sales unit: 1 piece

Model 0100	Zinc-plated steel
	Art. no.
	90.0100.107.00
